PREFACE.

Much regrettable delay has attended the issue of this volume—indeed so long has it been in hand that Vol. XIV of the Series was issued to the Subscribers some months before the latter part of the present volume was in type. A persistent, but vain, effort to obtain permission to include the registers of Linby and Papplewick, and so complete the Wapentake of Broxtowe, is the explanation of the delay. The Marriage Registers of this Wapentake, except only the above two, have now all been printed, and in the absence of permission to include those the Editors have added the later Marriages at Mansfield and Sutton-in-Ashfield, from 1813 to 1837.

Miss Need has kindly performed the labour of making these abstracts for Mansfield Woodhouse parish, while to Mr. F. A. Wadsworth, of Nottingham, we are indebted for a like service on the registers of Arnold. The bulky registers of Mansfield and Sutton-in-Ashfield have been done by Mr. G. G. Bonser. Thanks are due to the Clergy who have given permission to copy and whose names are mentioned under their respective parishes.

As before, the entries have been reduced to a common form, and the following abbreviations used :—

w.=widower or widow.

p.=of the parish of.

s.=spinster, single woman,

co.=in the county of.

or son of.

dioc.=in the diocese of.

b.=bachelor, or single man.

lic.=marriage licence.

d.=daughter of

The reader must, of course, remember that these printed abstracts of marriage registers are not “evidence” in the technical sense. Certified extracts must still be obtained when evidence of a marriage is required for proving a pedigree in a court of law, or when registering it at Heralds’ College. For such certificates application must be made to the clergy in charge of the original registers.

It should be borne in mind that previous to 1752 the year was calculated as beginning on the 25th of March, instead of the 1st of January, so that a marriage taking place on say 20th Feb. 1625, would be on that date in 1626 according to our reckoning; but as the civil and ecclesiastical year were both used this is sometimes expressed by 20th Feb., 162⁵.

In all cases where the marriage is stated to have taken place by Licence that fact is recorded, as the searcher thereby knows that further information as to the age, parentage and vocation of the parties is probably recoverable from the Allegations in the Archdeaconry or other office from which the Licence was issued.

Vol. XV of this Series is also now ready and will be issued very shortly. It contains the Newark Marriages from 1754 to 1837. Those from 1599 to 1733, were given in Vol. IV.

Nottinghamshire Parish Registers.

Marriages at Arnold,

1546 to 1812.

NOTE.—The Parish Registers of Arnold, containing Marriages before the year 1813, are six in number.

VOL. I. consists of 27 Parchment leaves 17 inches high and 6½ inches wide, bound in Parchment. It contains Baptisms from 1544 to 1651, Burials from 1544 to 1653, and Marriages from 1546 to 1646. The first entry is a Baptism on 20th November, 1544, and the earliest is a Burial on 6th October, 1544. The Volume also contains lists of Churchwardens from 1627 to 1660. It is in good condition, well written, and well kept.

VOL. II. consists of 24 Parchment leaves, 12 inches high and 7½ inches wide, and is also bound in Parchment covers. It contains Baptisms from 1653 to 1697, Burials from 1654 to 1697, and Marriages from 1658 to 1697. This Volume also contains lists of Churchwardens, Overseers, and Constables. The Book is not so well kept as the former one, and the entries are somewhat confused.

VOL. III. is another Parchment book, containing 32 Parchment leaves, size 14 inches by 6½ inches, and bound in Parchment. It contains Baptisms from 1698 to 1733, Burials and Marriages from the same year to 1732, and also lists of Churchwardens, Overseers, and Constables. The Volume is well kept.

VOL. IV. is a book of 17 Parchment leaves and 3 Paper leaves, containing Baptisms, Burials, and Marriages from 1733 to 1754.

VOL. V. contains Marriages only, the banns being on printed Forms, but the entries of the Marriages are written on Parchment leaves at the other end of the book. It extends from 1754 to 1789.

VOL. VI. is bound in Brown Calf, and contains entries of Marriages from 1789 to 1812, written on Parchment, but no banns.

These Marriages have been transcribed by the Revd. M. J. Truman, the late Vicar, and Mr. F. A. Wadsworth, of Nottingham, and have been collated by the latter, and are now printed under his supervision, by permission of the Revd. R. W. King, Vicar of the Parish.

Marriages at Mansfield Woodhouse.

1657 to 1836.

NOTE.—The Mansfield Woodhouse Registers commence, Baptisms A.D. 1653, Burials 1653, and Marriages in A.D. 1657.

For many years they were rolled up in seven separate bundles and tied round with string, entirely neglected, but Miss E. M. Need requested the then Vicar's permission to go through them, and she has had them beautifully restored and bound in vellum.

The leaves of the First Volume number 58, and are of parchment. They measure 22 inches by 6½ inches, and are on the whole very well written.

VOL. II. is of paper, and commences in the year 1754 in the form prescribed by the Act of Parliament, but is a written and not a printed form. The leaves are 15 inches by 9½ inches, bound in calf, 60 leaves being occupied by the entries.

The first page of Vol. I. has several entries dealing with parish matter such as "The Church Steeple of Mansfield Woodhouse was pointed [pointed] and made by Joseph Copley and Thomas Madin, 19th June, 1686."

"A Register of all the Baptisms, Marriages and Burials at Mansfield Woodhouse beginning 1653.

" George Sansom."

A list of Churchwardens is placed at the end of the Booke.

Then follows a list of some Assistant Clergy. Page 2 gives a list of some of the Charities, one of Mr. Rowland Dand of Mansfield in 1670, of two Coats, one by — Langford of Mansfield of 10s. yearly, another by Mr. John Bingham of 10s. yearly to the poor from the Sylk Mill Cloase, and one by Richard Eyre of £5.

The following memorandum is also made:—"Be it had in remembrance that the town of Mansfield Woodhouse wass burned the Saturday next before the exaltation of the Cross in the yeare of our Lord 1304, and the Church Steeple with the Bells of the same, for the Steeple was covered with Timber Worke, and part of the Church burned."

The last 9½ pages are occupied by memoranda of Parish matters, with a half page of Burials.

The following entries also may be noted:—

" Memorandum that Pendock, the son of John Neale of Tollerton, in the County of Nottingham, Esqr., and Elizabeth, his wife, was borne the Tenth day of June, 1728, and baptised the Ninth day of July following, at Tollerton afforesd and by reason of the incumbents, Mr. Richard Neale refusing his Church at Tollerton, afforesd ye Birth of the said Pendock Neale is Registered here."

" Mrs. Emeriantiana Jenkinson, buried May 29, 1768."

" Charles Mompesson, buried at Mansfield Jan. 15, 1782."

VOLUME III. contains the Marriages on the usual printed form, from 1813 to 1837, when the present general system of Registration commenced.

The Marriage entries have been transcribed by Miss Need, and collated by Mr. G. G. Bonser, with the consent of Revd. E. T. Harcombe, the vicar.

Marriages at Mansfield,

1813 to 30 June 1837.

NOTE.—These Marriages at Mansfield are supplemental to those printed in Vol. XIV. of this series, which covered the period 1559 to 1812. The present Abstracts complete the Mansfield Marriage Registers previous to July, 1837, when Civil Registration began, and after which date, therefore, all registers were kept in duplicate and are more readily accessible and in no danger of total destruction.

These Marriages, like those in Vol. XIV., have been kindly abstracted for this series by Mr. G. G. Bonser, of Sutton-in-Ashfield, and are now printed under his supervision by permission of Revd. F. J. Adams, the Vicar of Mansfield.

Marriages at Sutton-in-Ashfield.

1813 to 1837.

NOTE.—Sutton in Ashfield Marriages from 1572 to 1812 were printed in Vol. XI. of the Nottinghamshire Series. The present continuation to 1837, like the former period, has been transcribed by Mr. G. G. Bonser, by permission of the Rev. F. J. Adams, the late Vicar of the Parish, and is now printed under his supervision.

The only feature in connection with these Registers dating from 1813, calling for special attention, is the extraordinarily bad spelling, more particularly of the Assistant Clergy, and the many cases of culpable negligence.
